

censo.orca_processor.Orca
Parser.read_input

```
graph LR; A[censo.orca_processor.OrcaParser.read_input] --> B[censo.orca_processor.OrcaParser.__remove_comments]; A --> C[censo.orca_processor.OrcaParser.__todict];
```

The diagram illustrates a call from the `read_input` method to two other methods. A grey box on the left contains the text `censo.orca_processor.OrcaParser.read_input`. Two blue arrows originate from the right side of this box. The top arrow points to a white box containing `censo.orca_processor.OrcaParser.__remove_comments`. The bottom arrow points to another white box containing `censo.orca_processor.OrcaParser.__todict`.
